11/18/2011 ~~Sam~~ ~~Sp~~ (was also here yesterday) this is as bad as Sam's handwriting

So I deposited some dry erase markers (4 colors!)

Also on the way here I saw [Kristin] in her green coat and waved. I was totally going to show her the awesome markers I brought up. But then she didn't see me / was terrified of my intimidating, muscular physique / was in one of my wonderful orange jacket, and did not wave back.

It was very sad. KRISTEN I HOPE YOU READ THIS BECAUSE I WAS DEVASTATED & DEBRORED. your spelling is not consistent if I'd be devastated too

1 of the 2 Or awesome. That works too

Fuck, just Fuck ← Most profound statement in this book. -B

There's always second back their
 right after first
 Its the almost of everything you do in life
 Its not waps in last
 its better than mediocre
 Just a little below the original goal

It is an island on its own
 a Moon to a view of our earth
 That we look past as if blind to its light

This land is often a magical place
 Better than where you began
 Here you are in the land, with lakes & willows

So always shoot high
 And you'll never miss
 the sweet softness high
 From second place's hiss
